

Keeping a Recycling Diary.

On the table below, record the different things that you have recycled every day during the week. You might decide to draw or write them. If you do not recycle anything on one of the days, then you might record how you saved energy that day, by switching off lights, not wasting water, etc.

Day 1	Day 2	Day 3	Day 4
			Summary of the week. Did you do really well, why ?
Day 5	Day 6	Day 7
